

## PRESENTS a FREE Make-It-Take-It Event just for GPR Seminar 2018 Attendees

7:30-9:30, Sunday night, July 22, Beaujolais Meeting Room

# INTERGALACTIC FRUIT SALAD

What would a banana from another galaxy look like? Could cherries be square (would they be 'suarries')? Would extra-terrestrial watermelons have a waist? Nobody knows. And that's the point; making abstract shapes with no predefined, 'correct' end-result gives your creative mind a freedom that is its own unique kind of nourishment.

Been curious about **Soutache** but nervous about trying it?

Want to play with silk **Shibori** ribbon but not sure where to start?

**Syn-Leather**? What the heck is Syn-Leather?

Come play at Amee Runs with Scissors' **FREE MAKE-IT-TAKE-IT NIGHT** and enjoy a satisfying portion of new artistic experiences.

First, Amee will give a live demonstration of the techniques for using these special materials.

Second, help yourself from the no-charge 'materials buffet' (choose your own beading foundation, hand-dyed Shibori ribbon, Ultrasuede, Soutache, Syn-Leather and beads). Needles, threads, etc. will also be provided.

Printed hand-outs will give you step-by-step instructions on how to work with each of the different materials, expanding on Amee's demonstration.

Amee will be there to help you create a special, one-of-a-kind piece of abstract fiber art you can wear as a pin, make into a refrigerator magnet or add to another project. Hungry for a little more? Go back for seconds!

Be sure to bring a pair of good, sharp scissors, any additional (battery!) task lighting you prefer and any glasses or magnifiers you normally use for fine work...and your appetite for fun.

**Space is limited for this event**, a special 'perk' for attendees by Faculty member, Amee Sweet-McNamara. It is available on a first come first registered basis for a maximum of 50 participants. IF there are any open spots left, they will be available Friday and Saturday at Registration.

**Sign up by completing the below form and emailing it by JUNE 22 to our Seminar Registrar, Karen Nadeau at [seminar2018registrar@ega-gpr.org](mailto:seminar2018registrar@ega-gpr.org)**
